

Building plot in the beautiful village Agulo, with fantastic sea views.

### Location:

The property is located on the outskirts of the village of Agulo, in the north of the island. It offers beautiful panoramic views of the sea and is facing east.

The low altitude of 200 m above sea level guarantees a mild, balanced climate.

### Description of the property:

It has a size of 349 m<sup>2</sup>. It borders laterally on buildings and on a road at the back of the plot. To the front is facing the sea. A narrow access road leads to the property.

The entire property is classified as building land. It is possible to build a two-storey house.

We will be glad to assist in the planning and execution of the project.
